

	strata	Landscape position	Species name	Common name	Comments
1	Canopy	Swampy valley floor	<i>Eucalyptus stellulata</i>	Black Sallee	Woodland tree 5 – 14m
2	Canopy	Riparian	<i>E. viminalis</i>	Manna or Ribbon Gum	Forest > 25m
3	Canopy	Swampy valley floor	<i>E. ovata</i>	Swamp Gum	Open forest 8 – 25m
4	Canopy	Ridges and rises	<i>E. Pauciflora</i>	Snow Gum	Woodland < 20m
5	Canopy	Dry ridges	<i>E. mannifera</i>	Brittle Gum	Woodland 6 – 25m
6	Canopy	Dry ridges	<i>E. rossii</i>	Scribbly Gum	Woodland 8 – 25m
7	Canopy	Lower slopes	<i>E. melliodora</i>	Yellow box	Woodland 12 – 30m
8	Canopy	Slopes and ridges	<i>E. rubida</i>	Candlebark	Woodland/forest 10 – 25m
9	Canopy	Slopes	<i>E. bridgesiana</i>	Apple Box	Woodland 8 – 2m
10	Canopy	Swampy valley floor	<i>E. aggregata</i>	Black Gum	Woodland 10 – 20m
11	Canopy	Lower slopes	<i>E. blakleyii</i>	Blakely's Red Gum	Woodland 10 – 24m
12	Canopy	Dry ridges	<i>E. radiata</i>	Narrow Leaf Peppermint	Woodland and forest 12 – 45m
13	Canopy	Dry ridges	<i>E. dives</i>	Broad Leaf Peppermint	Woodland and open forest 8 – 25m
14	Canopy	Dry ridges	<i>E. macrorhyncha</i>	Red Stringbark	Forest 12 – 35m
15	Canopy	Riparian	<i>Casaurina cunninghamiana</i>	River Sheoak	Riparian forest up to 30m
16	Canopy/mid	Dry ridges	<i>Allocasuarina littoralis</i>	Black Sheoak	Forest 8 – 15m
17	Canopy/mid	Gullies, deep soils	<i>Acacia melanoxydon</i>	Blackwood	Forest 6 – 30m
18	Canopy/mid	Drier soils	<i>Acacia mearnsii</i>	Black Wattle	Woodland 5 – 15m
19	Canopy/mid	Drier soils	<i>Acacia decurrens</i>	Green Wattle	Woodland 5 – 15m
20	Canopy/mid	Riparian	<i>Acacia dealbata</i>	Silver Wattle	Woodland and forest 2 – 30m
21	Mid storey	Drier soils	<i>Acacia rubida</i>	Red-stem Wattle	Woodland and open forest 2 – 10m
22	Mid storey	Shallow soils	<i>Acacia falciformis</i>	Hickory Wattle	Forest 4 – 12m
23	Mid storey	Shallow soils on upper slopes	<i>Exocarpos cupressiformis</i>	Wild Cherry	Open forest 3 – 8m
24	Mid storey	Swamps, stream flats	<i>Melaleuca ericifolia</i>	Swamp Paperbark	Open sites 2 – 9m
25	Mid storey	Stream banks	<i>Melaleuca parvisteminea</i>	Honey Myrtle	Open sites 2 – 9m
26	Understorey	Sandy soils near streams	<i>Acacia sicutiformis</i>	Dagger Wattle	Open forest 1 – 3m

	strata	Landscape position	Species name	Common name	Comments
27	Understorey	Poor soils	<i>Acacia terminalis</i>	Sunshine Wattle	Open forest, woodland, heath 1 – 5m
28	Understorey	Rocky sites	<i>Persoonia mollis</i>	Soft Geebung	Open forest, heath 1 – 2.5m
29	Understorey	Poorer soils	<i>Hakea dactyloides</i>	Finger Hakea	Open forest, heath 1 – 3m
30	Understorey	Gullies	<i>Lomatia fraseri</i>	Tree Lomatia	Tall open forest 2 – 5m
31	Understorey	Sandy river banks	<i>Grevillea juniperina</i>	Prickly Grevillea	1 – 2.5m
32	Understorey	Rocky sites and stream banks	<i>Grevillea lanigera</i>	Woolly Grevillea	Open forest, heath 1 – 2m
33	Understorey	Sandy soils near rocky water courses	<i>Grevillea arenaria</i>	Grevillea	Open forest 1 – 2m
34	Understorey	Variable	<i>Banksia marginata</i>	Silver Banksia	Open forest, heath <7m
35	Understorey	Hills	<i>Banksia spinulosa</i>	Hairpin Banksia	Open forests 1 – 2m
36	Understorey	Stream banks	<i>Kunzea ericoides</i>	Burgen	Open forest 1 – 3m
37	Understorey	Waterlogged sites	<i>Kunzea parvifolia</i>	Violet Kunzea	Wet heath 0.5 – 2.5m
38	Understorey	Stream banks, swamps	<i>Leptospermum lanigerum</i>	Woolly Tea Tree	Wet heath and scrub 2 – 6m
39	Understorey	Stream banks. Swamps	<i>L. obervatum</i>	River Tea Tree	Wet heath and scrub 2 – 4m
40	Understorey	Stream banks, near swamps	<i>Callistemon citrinus</i>	Crimson Bottlebrush	Damp sandy flats 1 – 3m
41	Understorey	Upper slopes, rocky sites	<i>C. pallidus</i>	Lemon Bottlebrush	Open forest 1 – 3m
42	Understorey	River banks	<i>C. paludosus</i>	River bottlebrush	Open sites 2 – 7m
43	Understorey	Riverbanks and dry sites.	<i>Bursaria spinosa</i>	Sweet Bursaria	Woodland 1 – 8m
44	Groundcover	River banks	<i>Lomandra longifolia</i>	Spiky Mat Rush	Open woodland <1m
45	Aquatic	Instream/wetland	<i>Typha orientalis</i>	Broad Leaf Cumbungi	Swamps and streams up to 2m deep
46	Aquatic	Instream/wetland	<i>Phragmites australis</i>	Common Reed	Swamps and streams up to 2m deep
47	Aquatic	Instream/wetland	<i>Myriophyllum propinquum</i>	Common Water Milfoil	Swamps and streams up to 1m deep
48	Aquatic	Instream/wetland	<i>Eleocharis acuta</i>	Common Spike Rush	Swamps and streams
49	Aquatic	Instream/wetland	<i>Schoenoplectus validus</i>	Great Bulrush	Swamps and streams
50	Aquatic	Instream/wetland	<i>Nymphoides germinate</i>	Entire Marshwort	Swamps and streams
51	Aquatic	Instream/wetland	<i>Ranunculus trichophyllus</i>	Ranunculus	Swamps and streams
52	Aquatic	Riparian/instream/wetland	<i>Cyperus eragrostis</i>	Umbrella Sedge	Swamps and streams

	strata	Landscape position	Species name	Common name	Comments
53	Aquatic	Riparian/instream/wetland	<i>Carex appressa</i>	Tussock Sedge	Swamps and streams
54	Aquatic	Riparian/wetland	<i>Juncus acutus</i>	Spiny Rush	Swamps waterlogged soils
55	Aquatic	Riparian /wetland	<i>Polygonum decipiens</i>	Slender Knotweed	Swamps and streams, early succession
